

# City Union Mission

Online at [cityunionmission.org](http://cityunionmission.org)

City Union Mission is an evangelical Christian ministry committed to sharing the gospel and meeting the spiritual, physical and emotional needs of men, women and children who are poor or homeless.

City Union Mission provides services to the less fortunate through its three part approach of **RESCUE, RECOVERY,** and **REACHING OUT.**

**RESCUE**—Our Men’s Center and Women and Family Center provide emergency shelter, meals, spiritual counsel and case management. Free medical care is available. The Mission operates the **Hotline for the Homeless** to coordinate with area shelters regarding available beds.

**RECOVERY**—Long-term programs are available to those who want to grow as Christians and as responsible members of the community. Currently a new Christian Life Program building is being constructed to provide 100 men a long term recovery plan, and this will open up 100 new emergency shelter beds.

**REACHING OUT**—As preventative measures to homelessness relief efforts include distribution of food, school supplies and Life Skills classes. After-school programs are offered to community children and children in the Mission. **City Union Mission Camp In the Ozarks** allows low-income and homeless children the opportunity to attend camp.

## *Fast Facts About the Mission*

City Union Mission is the largest rescue mission in a six-state area.

Last year, provided over 230,000 meals for the hungry and almost 100,000 beds for the weary.

Offers half of the emergency shelter beds available in Kansas City, with both a men's shelter and a women/family shelter.

Is the only shelter in Kansas City that provides infirmary beds for those who are ill or injured.

Is a member of the **Evangelical Council for Financial Accountability** and submits to an independent audit each year.

Does not receive government funding and is not a United Way agency. Relies completely on voluntary support from individuals, churches, businesses, foundations and organizations.
